# Help Us #SlamTheScam on government imposters.

## Learn how to spot scams, identify red flags, and report suspicious activity.

### 1. Four Basic Signs of a Scam

Recognizing the signs of a scam gives you the power to ignore criminals and report the scam. Scams come in many varieties, but they all work the same way:

1. Scammers **pretend** to be from an agency or organization you know to gain your trust.
2. Scammers say there is a **problem** or a prize.
3. Scammers **pressure** you to act immediately.
4. Scammers tell you to **pay** in a specific way.

### 2. Known Tactics Scammers Use

Scammers frequently change their approach with new tactics and messages to trick people. We encourage you to stay up to date on the latest news and advisories by following SSA OIG on LinkedIn, Twitter, and Facebook or subscribing to receive email alerts.

These are red flags; you can trust that Social Security will **never**

- **Threaten** you with arrest or legal action because you don't agree to pay money immediately.
- **Suspend** your Social Security number.
- Claim to need **personal information or payment** to activate a cost-of-living adjustment (COLA) or other benefit increase.
- **Pressure** you to take immediate action, including sharing personal information.
- Ask you to **pay with** gift cards, prepaid debit cards, wire transfers, cryptocurrency, or by mailing cash.
- **Threaten** to seize your bank account.
- Offer to **move your money** to a "protected" bank account.
- **Demand** secrecy. Be skeptical and look for red flags. If you receive a suspicious call, text message, email, letter, or message on social media, the caller or sender may not be who they say they are. Scammers have also been known to:
  - Use legitimate names of Office of Inspector General or Social Security Administration employees.
  - "Spoof" official government phone numbers, or even numbers for local police departments.
  - Send official-looking documents by U.S. mail or attachments through email, text, or social media message.

It is illegal to reproduce federal employee credentials and federal law enforcement badges. Federal law enforcement will never send photographs of credentials or badges to demand any kind of payment, and neither will federal government employees.

**Report the scam.**

### 3. How to Avoid a Scam

Protect yourself, friends, and family — If you receive a suspicious call, text, email, social media message, or letter from someone claiming to be from Social Security:

1. **Remain calm.** If you receive a communication that causes a strong emotional response, take a deep breath. Talk to someone you trust.
2. **Hang up or ignore the message.** Do not click on links or attachments.
3. **Protect your money.** Scammers will insist that you pay with a gift card, prepaid debit card, cryptocurrency, wire transfer, money transfer, or by mailing cash. Scammers use these forms of payment because they are hard to trace.
4. **Protect your personal information.** Be cautious of any contact claiming to be from a government agency or law enforcement telling you about a problem you don't recognize, even if the caller has some of your personal information.
5. **Spread the word** to protect your community from scammers.
6. **Report the scam** to the Office of the Inspector General at [oig.ssa.gov/report](http://oig.ssa.gov/report).

### 4. How to Report

When you report a scam, you are providing us with powerful data that we use to inform others, identify trends, refine strategies, and take legal action against the criminals behind these scam activities.

## What to Do

If you receive a suspicious call:

- ✓ **HANG UP!**
- ✓ **DO NOT GIVE THEM MONEY OR PERSONAL INFORMATION!**
- ✓ **REPORT THE SCAM AT [OIG.SSA.GOV](http://OIG.SSA.GOV)**

Connect with us: [@TheSSAOIG](https://www.facebook.com/TheSSAOIG) [OIGSSA](https://www.facebook.com/OIGSSA)

## Phone Scam Awareness

### Social Security Phone Scammers May:

- Threaten arrest or legal action against you unless you pay a fine.
- Promise to increase your benefits or resolve identity theft if you pay a fee.
- Demand payment with retail gift cards, wire transfers, internet currency, or by mailing cash.
- Try to convince you by using spoofed caller ID numbers or officials' real names, or by emailing fake documents.

### DO NOT BELIEVE THEM!

If you owe money to Social Security, the agency will mail you a letter with payment options and appeal rights. Social Security does not suspend Social Security numbers or demand secrecy from you, ever.

## Help us #SlamTheScam and stop government imposters in their tracks.

Protect yourself from fraud and know what to do if your Social Security information is compromised.

Hang up or ignore suspicious calls or messages. Government employees will NEVER threaten you or demand immediate payment.

### MS Girls Basketball

### 8th Grade Girls drop to 4-6 with loss to Saugatuck

From Coach Marc Kline • Feb. 27, 2024

The Gobles Tigers girls basketball team hosted the Trailblazers from Saugatuck and fell 19 to 12. After losing by 17 the first time the Tigers have improved significantly, but were not able to overcome. The Tigers trailed 12-8 after 2 quarters, tied the game in the middle of the 3rd quarter only to wind up trailing by 3 at the end of the 3rd quarter and then 7 at the end of the game. Addy Hazard, Grace Wilkins, Maggie Morand, Neely Ketchum, and Ellie Hinson did a nice job rebounding. Kelsey Sherrod and Bells Laughlin's pressure at the guard position secured a number of steals to help keep the defensive pressure on the Trailblazers.

Scoring leaders for the Tigers were Ellie Hinson with 2 points, Hayden Keeley with 4, and Kelsey Sherrod with 6 points. The Tigers wrap up the season on the road against the Fennville Blackhawks on Wednesday, February 28.

### Later Elementary Robotics Teams Gain Confidence and Life Skills

In this year's MASTERPIECE<sup>SM</sup> challenge, FIRST LEGO League teams were asked to imagine and innovate new ways to create and communicate art across the globe. Members of the "Robo Chickens" and the "Leaders in Learning" Robotics Teams at Paw Paw Later Elementary are developing inventive ways to integrate the arts and technology into their creative designs. With the goals of engaging or increasing participation in artistic activities in the community, school or at home, all team members share great enthusiasm for this theme. Both teams, the "Leaders in Learning" and the "Robo Chickens," liked the idea of using holograms to teach people how to play an instrument or to make a craft.

Throughout the 2023-2024 arts-inspired robotics season, team members have been actively building lego structures for the game board and programming a robot that can complete missions. They also competed in a FIRST LEGO League Tournament in November where they had the opportunity to publicly demonstrate their robotic skills and teamwork capabilities. The "Robo Chickens" won a Second Place trophy for their teamwork and demonstration of quality core values, which is characterized by respectful cooperation. Way to go, team! Coach Marissa Neidlinger also won a Coach/Mentor Award for her work in coaching two teams during the season. Congratulations, Coach Neidlinger!

**Leaders in Learning:**

**Robo Chickens:**

**Trophies:**

### Student Success in the Culinary Arts

Marcos Garcia, a standout student in the Culinary Arts and Catering Management program at the Van Buren Tech Center, has seamlessly transitioned into an internship role in Paw Paw Public School District's Food Service Department. Demonstrating exceptional dedication and talent, Marcos has been making a significant impact by not only honing his culinary skills but also by gaining valuable real-world experience.

His success at the Tech Center serves as a testament to his passion and commitment to the culinary arts, and this internship has become a pivotal stepping stone for him to apply his knowledge in a professional setting.

The Cedar Street Campus is reaping the benefits of Marcos' culinary skills and work ethic. His role in the Food Service Department reflects a perfect fit, where he not only showcases his culinary skills but also contributes positively to the team. Marcos Garcia's journey from the Van Buren Tech Center to his internship at Cedar Street is a shining example of how educational programs and hands-on experiences can shape talented individuals, preparing them for promising careers in the culinary world.

Senior Marcos Garcia, left, is serving an internship with Paw Paw Public Schools Food Service Department at the Cedar Street Campus. He is gaining hands-on experience working alongside Kitchen Lead Mrs. Meeth.

### "Leaders Of The Pack" Recognized at Paw Paw High School

Paw Paw High School's new "Leaders of the Pack" award recognizes students who embody the District's Core Values of Integrity, Innovation, Community, Kindness and Success. Each month, students who are distinguished as Leaders of the Pack are treated to breakfast and recognized on the bulletin board in the school.

Congratulations to the "Leaders of the Pack!" Alyssa Tester, Natalie Mitchell, Alex McNeil, Julian Hernandez, Maya Boling, Gunnar Goodell, Dominic Hernandez, Braylen Kennedy, and Molly Goodwin.

### Recognizing Student Success in Clubs and Activities at PPMS

Paw Paw Middle School sees and recognizes the unique talents of its students. By offering a variety of extracurricular outlets, students are able to discover their talents and shine!. While academics are important, there are many other opportunities for students to become well-rounded individuals and contribute to the school community with the gifts they bring.

Band and choir students are encouraged to perform solos at school concerts or participate in musicals. This is a great way to build self-efficacy and, at the same time, allows students to display their performing arts talents. Students can participate in a peer-to-peer group, the Leos Club or student government to show their commitment to the community and their peers, while also connecting and networking. Games Club, Robotics Club and Minecraft Club are other offerings for those who are strategically or mechanically inclined. Sports are always an opportunity for students to demonstrate their athletic abilities and show team spirit. In Spanish Club and ASL Club, students can explore new languages and cultures. Science classes have innovative programs too, such as the Salmon Release every spring! Students assist in raising salmon and then release them into the wild to connect with the world around them.

All of these teams, clubs, classes and extracurriculars are led by extraordinary staff and community volunteers who see the value in all students and encourage them to grow and thrive in each of their individual talents.

Just a friendly reminder to lock all your vehicles, sheds, barns, etc. Criminals look for easy targets with easy access at times. I've seen over the years where suspects on camera go car to car pulling on door handles to find the unlocked ones to go through.
