Uniform Response was dispatched to an area in Antwerp Township for a Suspicious Situation. Deputies located the female driver that was driving around yelling for a male subject out of the car. She was also going to doors and knocking trying to locate the male. She was not cooperative with Deputies, but they were able to eventually ID her. She had warrants out of Kalamazoo County, no driver's license, no plate on the vehicle, and no car insurance. She was lodged for the incident.
Uniform Response was dispatched to an Assault in Paw Paw Township. The suspect fled prior to Deputies arrival on foot. While looking for the suspect on foot, Deputies located a stolen vehicle on the property. Deputies then obtained a search warrant and searched the residence. Deputies seized 8 long guns, 1 handgun, couple hundred rounds of ammunition, and meth. The owner of the property and suspect are prohibited from being in possession of firearms and ammunition. The report is sent over to the Prosecutor's Office for review and charges.
The 2025 Seasonal Weight Restrictions were Lifted for the County on Wednesday, March 19th at 6am.

A Detective from our CID Unit was in Hartford when a Call came out about a Fire at a Construction Sight that was Suspicious. The Detective worked the call and found that juveniles set some material on fire. The Detective was able to get confessions for the incident.
Uniform Response took a Runaway Complaint in Hartford Township. The Juvenile was later reunited with his parents on his own in Illinois safe and sound.
Our Narcotic Unit Conducted a Meth Sales and Possession Investigation in Antwerp Township. They executed a search warrant at the residence and recovered meth and a handgun(which the suspect could not be in possession of). The suspect was lodged on several felonies.

Meet our Pet of the Week, Roscoe!

Meet our Pet of the Week, Roscoe!
Roscoe is about 9 years old and a big guy weighing in at almost 90lbs. He was adopted from Al-Van 5 years ago and unfortunately had to come back due to no fault of his own. His family's life circumstances changed, and he could no longer live with them. He is now looking for a new family to retire with! His previous home said he loved hanging out with kids!
Roscoe may be an older gentleman, but he has a surprising amount of strength and energy. He loves to play and go on slow walks with his people so he can really take in all the smells. Roscoe doesn't much care for other animals, but he makes up for that by being such a people pleaser. He LOVES to give kisses, especially after a GOOD back scratch!
A generous donor even covered his adoption fee! If you're interested in adopting Roscoe you can complete an adoption application at al-van.org/adopt.

Simple Steps to Stop Invasive Species
The Van Buren Conservation District's invasive species team, the SWxSW Corner CISMA, is here to help you make a difference. Invasive species are plants, animals, bugs, or diseases that are not originally from our area and cause harm. Invasive species are costly to our economy, can damage property, can be dangerous to our health, or harm our precious resources. That's everything from your backyard to roadsides to your favorite lake, trail, and park! The good news is that small, easy steps make a big difference to reduce invasive species.
Stop the Spread
Invasive species are hitchhikers. Protect our lakes, trails, and your property by stopping the spread of invasive species with these four easy steps.
Clean your clothes, footwear, gear, and watercraft after time on the water or out for a walk.
Drain your watercraft by tipping your kayak and draining the water from your boat.
Dry your watercraft and gear completely.
Dump your unused bait in the trash, not the ground or the water.
Survey
When out and about, be on the lookout. Use the Midwest Invasive Species Information Network (MISIN) website or app to identify and tell us where you've found invasive species. Our team can track and respond to invasive species when folks like you take action. Go to your smart phone's app store and download the MISIN app or visit misin.msu.edu.

FARMERS ARE REMINDED TO KEEP RIGHT-OF-WAY CROP FREE
"We Mow - So Don't Sow!"
THE ROAD COMMISSION WANTS YOU TO KNOW . . .
With spring quickly approaching, area farmers are anxiously awaiting another planting season. But before spring tillage and planting gets underway, the Van Buren County Road Commission wants to remind farmers that crops must be a minimum of 14' from the road's edge, or behind the "back slope" of an existing ditch. Any crops planted in the right-of-way are there at the farmers' risk and no compensation for loss of crops in the right-of-way will be considered pursuant to Road Commission Policy 2022-02.
Because the Road Commission maintains the right-of-way by performing mowing cycles to keep roadsides and intersections clear and suitable for travel, farmers should be aware that any crops planted within the right-of-way will be mowed. The Road Commission also performs roadside chemical vegetation management in the late summer to control brush and woody vegetation within the road right-of-way. The road right-of-way is specifically reserved for the placement of road signs, and public utilities. The road right-of-way is typically a width of 66 feet (33 feet on either side of the centerline of the road).
To review a copy of the Board of County Road Commission's Policy 2022-02, Right-of-Way Mowing, Brush Control & Spraying Policy visit the Road Commission's website at: https://www.vbcr.org/policies, or contact the Road Commission's Managing Director, Bret Witkowski, at 269-674-8011, Extension 222, BretWitkowski@vbcr.org. The Road Commission's Policy complies with the standards created by law (MCL 247.665b).
