Mariann Jean Lee

Mariann Jean Lee, 84, of Gobles, MI passed away on November 10th, 2022 after a courageous and lengthy battle with Pancreatic Cancer. She was surrounded by her family when she passed. Mariann was born on September 3, 1938, in Chicago, IL and was raised by her loving parents Clarence and Anna Robbins. She was married for many years and after her divorce she raised her four children Michael, Mishel, Dawn and Donna. She dedicated her life to being a loving Daughter, Mother, Grandmother & Friend.

Mariann had a very strong work ethic and love for her community. Some of her many accomplishments include serving four years as the Vice Mayor of Gobles, being the first Woman to serve as Commissioner on the Gobles City Commission, being a Rural Mail Carrier with the US Post Office, serving as both a Union Rep & Workers Compensation Rep for the Post Office, being very involved in the program Quality of WorkLife, working as the school lunch lady, being a member of the United Methodist Church, and volunteering her time to counsel, support, and advocate for newly diagnosed Breast Cancer Patients.

Mariann was passionate about traveling and visited many countries throughout her travels, including Asia and Russia. She never missed an opportunity to travel, even if it was only a day trip to somewhere she hadn't been before. As much as she enjoyed her travels, she was very much passionate about racing and loved NASCAR. Mariann attended dozens of NASCAR races over the years, including her most recent NASCAR race in Bristol, VA this past September. She loved to read, and it was very rare that you would find her sitting still without a book open in front of her.

Mariann was preceded in death by her parents, Clarence and Anna. She is survived by her brother Richard, children Michael, Mishel, Dawn & Donna, eleven grandchildren, three great grandchildren, nieces, nephews, and a multitude of friends.

There will be a Celebration of Life at 1:00PM on December 10th at Gobles United Methodist Church followed by a luncheon at the Church. The church is located at 210 E. Exchange Street, Gobles, MI.

GREETINGS OF THE SEASON

If You're Leaving your Employer, Do You Know Your 401(k) Options?

At Edward Jones, we can explain options for your 401(k), including leaving the money in your former employer's plan, moving it to your new employer's plan, rolling it over to an Individual Retirement Account (IRA) or cashing out the account subject to tax consequences. We can help you review your options so that you can select the one that's best for you. If you decide to roll it over to an Edward Jones IRA, we can help.

ATTENTION: \$3,000 REWARD

PLEASE HELP!

Lucky Girls' Mascots went missing!

Please help us find these two Weimaraner dogs. Two Weimaraner siblings, Luke & Daisy, age of 5 years old went missing on Sunday, November 20, 2022 from 3:00 to 3:30 p.m. in Grand Junction, Michigan. Luke and Daisy are kind, responsible, well-behaved dogs, and it is unusual that they went missing. Please note they are social able dogs. We are worried sick. Luke is a male, dark grayish dog (he is the front image) and Daisy is a female taupe (brownish color.) She is at the back of image. If you have seen or have any information, please contact the owner, Jeff, at 312.375.4893. There is a reward for any information leading to their return, no questions asked to re-unite Luke and Daisy with their family.

Please share any information you have, It is much appreciated!

HELP THE HEMLOCKS

Hemlocks are an important evergreen tree in Michigan. Their thick, drooping branches provide shade to our cold water streams. This keeps them cool for cold-water fish like salmon and trout. They also provide cover from the snow, making them a favorite spot for deer in the winter.

Unfortunately Michigan's hemlocks are threatened by an invasive insect called hemlock woolly adelgid (HWA). This pest has already killed a large percentage of hemlock forests in the Appalachian Mountains and could do the same here.

You can help prevent the spread of HWA and keep Michigan's forests healthy by following these tips:

- Avoid planting hemlocks on your property because HWA is often introduced from nursery stock. If you are planting trees on your property, white pine makes a great alternative.
- Burn firewood where you buy or cut it. Moving firewood can spread if the insect is hitchhiking on the logs.
- Avoid walking near hemlock trees because HWA can hitchhike on your clothes to new places. They are only the size of a pepper grain so you may not see them!
- Brush off your boots after every outing to prevent the spread of invasive species.

HWA was accidentally introduced to Michigan on infested nursery stock, and has been spreading ever since. The tiny insect latches onto the base of hemlock needles and feeds on the sugars that the plant has stored there. This can kill a tree in only a few years. Once the insect beds down on a needle, it forms a thick, white, woolly coat. This coat is about the size of a grain of rice, which gives the adelgid its name. Fluffy white HWA can be found on the base of underside of needles of hemlock trees throughout the winter.

Do you have hemlock trees on your property that you would like to have checked? Reach out to SWxSW Corner Cisma Coordinator Alex Florian at invasivesed@vanburenco.org or 269-633-9044. If you think you have HWA you can also report it on MISIN.msu.edu by clicking REPORT at the top of the page.

Keep up-to-date with invasive species in Berrien, Cass, and Van Buren Counties! Newsletter: VanBurenCD.org (go to the bottom of the webpage and sign up with your email address at the bottom)
