Marking 100 Days of Learning

Our Kindergarten students spent some time with Mrs. Grimes and Mrs. Latham to celebrate their first 100 days of learning for this school year. The students also spent some time imagining what they may be like when they are 100 years old!

Dinosaur Research Project

Mrs. Grimes-Abbott's Kindergarten students were hard at work researching dinosaurs. They learned about what it would be like to encounter one in the wild and made some size comparisons!

READING MONTH

Reading Month was a real "page-turner" for Covert Elementary Students.

Fun Play Day

The Elementary students who had positive behavior in the first semester were treated to a fun Play Day at school. Way to Go!!!

Solving Engineering Challenges

Fourth- and fifth-grade science classes have been learning about different engineering practices. Unfortunately, we didn't catch one, but when Mrs. Symonds's classes came in to check them, they found lots of "evidence" that some sneaky little leprechauns had visited. One student even found a tiny pair of black boots stuck to the glue strip in the bottom of their trap!

Elementary Honors Assembly

We loved celebrating our younger learners' success during our Elementary Honors Assembly. We were also joined by many of our Covert Families as we honored our kindergarten through fifth-grade students for their hard work and dedication to learning and growing this school year. It was a fantastic opportunity for our staff and families to applaud their excellence in a variety of ways!

Mrs. Vollrath's Art is so much fun and full of creativity. From making clay beads to painting with shaving cream, the students will always be surprised!!!

Soccer

New year, New team. The Lady Bulldogs are kicking off the '24 soccer season with an impressive new team accomplishing many great things that Covert FANatics have not seen since 2019. Keep up the hard work Lady Bulldogs. Coached by Maricela Gallegos.
